

Jamie (Ph.D. student Swansea University)

How you funded your MSc (Self funded, part-time work. scholarship)?

“Self funded involving part-time work”.

Why you think BSc graduates should do an MSc in Managing the Environment?

“If they are passionate about a career in the environmental sector, then an MSc is a distinct advantage”.

What you liked most about the MSc and Aberystwyth

“The integration of real/current environmental issues and research theory”.

What you learnt during the MSc that has been transferable to your work

“Time management, presentation, report writing and research skills, along with awareness of current environmental issues”.

A brief history of your career (jobs, travel, other courses etc) following the MSc

“After completing the MSc I worked as a research technician Aberystwyth University and then as an Environmental GIS consultant for a local company. More recently I started a PhD at Swansea University”.
