

Annual Monitoring of Taught Schemes (AMTS)- Data Support

Rationale

The undergraduate taught programmes provide the basis for the student experience and recruitment they will also directly influence several important league table metrics. Scheme level data is now available via [DiscoverUni](#) and there is a link on the UCAS application web pages. It is certain that future applicants will be viewing this data and comparing Institutions' degree courses before applying.

It is for these reasons that we are providing extra data and raising the profile of the annual monitoring of our 43 largest undergraduate scheme families. These schemes are chosen as they provide a population that is large enough to provide useful data and also account for the majority of our student intake.

Data Provision

Planning will provide individual data packs for these scheme families that will lay out the available data and reference it against departmental and/or Institutional means. This should provide accessible information that can lead scheme teams to expand their improvement action plans on the basis of relative performance of a scheme within the department or AU. Further benchmarking will be possible if teams identify the likely competitor courses and review the Discover Uni data available at <https://discoveruni.gov.uk/>

The data will be provided under the following headings;

1. NSS
2. Enrolments and applications
3. Continuation and Achievement
4. Demographics
5. Module marks analysis

Process and Time Scale

Data packs will be provided once the NSS data becomes available and new [DiscoverUni](#) data will be appearing on their website on the 1st September. It is intended that these packs will augment and support the AMTS process rather than replace.

Coverage of Data Pack Support

The files are organised into families. A family is simply a collection of similar schemes. So that the C10X family has five biological science schemes included C100, C101, C102, C109 and C09F. All these schemes share at least their teaching years with foundation, sandwich or masters' years providing the differences. The list of schemes in each family will be included on the front sheet of each file.

The 43 scheme families that the packs will be provided for are listed below. Note that not all courses, scheme families or departments are included due to student numbers being insufficient for analysis.

Scheme Family/SS_Code	Name	Department
P.N122	Business & Management	ABS
P.N400	Accounting & Finance	ABS
P.N5N1	Marketing / Business & Management	ABS
P.V350	Art History	Art
P.W100	Fine Art	Art
P.G40X	Computer Science	Computer Sciences
P.GH7X	Artificial Intelligence and Robotics	Computer Sciences
P.F750	Environmental Science	DGES
P.F80X	Geography	DGES
P.F84X	Physical Geography	DGES
P.C10X	Biology	DLS
P.C16X	Marine & Freshwater Biology	DLS
P.C18X	Ecology	DLS
P.C30X	Zoology	DLS
P.C60X	Sport and Exercise Science	DLS
P.D33X	Equine and Veterinary Bioscience	DLS
P.D40X	Agriculture	DLS
P.D90X	Veterinary Biosciences	DLS
P.X302	Education	Education
P.X320	Childhood Studies	Education
P.Q300	English Literature	English & Creative Writing
P.QW38	English Literature and Creative Writing	English & Creative Writing
P.W801	Creative Writing	English & Creative Writing
P.B740	Nursing (Adult)	Healthcare Education Centre
P.V10X	History	History & Welsh History
P.142X	International Relations	International Politics
P.GG4X	International Relations and Military History	International Politics
P.H2VX	International Relations and Military History	International Politics
P.L241	International Politics	International Politics
P.M10X	Law	Law & Criminology
P.M900	Criminology	Law & Criminology
P.MM9X	Law & Criminology	Law & Criminology
P.G10X	Mathematics	Mathematics
P.G60X	Mathematics	Mathematics
P.R991	Modern Languages	Modern Languages
P.F51X	Astrophysics	Physics
P.C80X	Psychology	Psychology
P.C843	Psychology with Counselling	Psychology
P.CM89	Psychology and Criminology	Psychology
P.M9C8	Criminology & Criminal Psychology	Psychology
P.P301	Film-making	TFTS
P.W40X	Drama & Theatre Studies	TFTS
P.W62X	Film & Television Studies	TFTS
