

Online Tips & Tricks

Airline Offer Expired

- 'Airline offer expired' occurs when either the pricing or availability changes.
- Press the 'refresh' button at the top of the page and the system will check for the latest pricing.
- This will only work if the pricing has expired, not if the availability of the class selected has sold. Remove the expired option and re-add the flights from the search page.
- Low-cost airlines like EasyJet, Ryanair and Wizzair for example only have a very short validity period – be quick!

- Use the baggage filter at the top of the page to only show rates including hold luggage:

1 bag ▼ Reset

Bags

☐ Any number of bags

☐ None

☒ 1 bag

☐ 2 bags or more

Reset Apply

Fare Rules

- View fare rules under the flight details prior to booking
- To review fare rules after booking, navigate to the bookings page on the menu and then click the fare rules tab

Filters

- Utilise filters when running a search, these can be very helpful when looking for a specific flight.

Fare Type ▾	Departure Times ▾	Stops ▾	Airlines ▾	Airports ▾	Duration ▾	Price ▾	Stopover ▾	Bags ▾
Filter by type of fare, e.g Published, Negotiated etc	Sliders to reduce the departure times shown for the flights	Choose if the flights is direct, 1 stop over etc	Select which airlines are shown (can also be done on the table beneath)	Filter specific departure airport if only city was searched – e.g only show LHR when searching London	Specify overall flight duration	Set price limit	Choose specific stopover airport	Select how many bags are included with the fare

- The hotel search page also includes filters.
- For a specific hotel, do a general search then filter by property name
- Filter by refundable room rates

The screenshot shows a hotel search interface with a filter overlay. At the top, there are two tabs: 'Property Name' (active) and 'Hotel Category'. Below the tabs is a search bar labeled 'Search hotel name' with the text 'travelodge' entered. To the right of the search bar is a close button (X). Below the search bar are two buttons: 'Reset filter' and 'Apply'.

Holding Flights

- Negotiated and Academic fares can be held online within the basket/quote

- All finance coding and traveller info must be filled out to be able to hold a flight.
- View the hold time limit in the quote

- Airlines reserve the right to override the hold duration

Travelodge & Premier Inn

PREMIER INN & TRAVELODGE

Steps to Book These Hotels Using the Online Booking Tool

- When starting your hotel search, please avoid selecting the "Refundable" or "Breakfast" filter options, as this can limit the results for Travelodge or Premier Inn properties. Once the initial search results are displayed, you can then type "Travelodge" or "Premier Inn" into the hotel name box to narrow the results specifically to those hotels.
- For Premier Inn bookings, after selecting a property, choose the preferred rate type (e.g., Bed & Breakfast or Dinner) and add it to your basket - please do not add meal extras to the selected rate. If you initially choose a room-only rate but later decide you want breakfast included, remove the room-only rate from your basket and return to the original search results to book the rate that includes breakfast.
- For Travelodge bookings, after selecting a property, choose the room type you want and add it to your basket. At this stage, you can also add any extras, such as Breakfast, WiFi, etc. before proceeding with the booking.

Cancelling Via the Portal

Use the portal to cancel bookings

- Navigate to the quote and there will be a cancel button
- Available for air, rail and hotels
- Confirmation of cancellation sent along with any charges
