

Physics

at Aberystwyth

A degree in physics at Aberystwyth University will introduce students to the most fundamental and wide ranging of all sciences. Physics graduates are highly valued by employers and Aberystwyth has the longest tradition in Wales of excellence in teaching and research in the subject.

BSc and MPhys degrees are offered in:

- **Physics**
- **Astrophysics**
- **Space Science and Robotics**
- **Physics with Planetary & Space Physics**
- **Mathematical and Theoretical Physics**
- **Physics with Foundation Year**
- **Physics combined with Mathematics, Computer Science, Education, Business and Management**

The Department is known for its friendly, informal atmosphere and its commitment to small-group and laboratory-based teaching. A strong emphasis is placed on undergraduate project work, which is linked to active research interests.

Other degree features:

- Spend a semester in the Arctic
- Optional year in industry or study abroad
- Entrance Scholarships worth up to £1,200 p.a. and Department Scholarships worth up to £500 p.a.
