
Your Open Day Guide

Saturday, 5 July 2025

Welcome to Aberystwyth University

We're so pleased you're joining us at our Open Day. Aberystwyth really is a wonderful University, and I'm sure the Open Day will give you an opportunity to see why. You'll get to meet our students and staff, ask plenty of questions and learn more about the opportunities available to you as a student at Aberystwyth.

You'll spend time in our academic departments, learning about the course(s) you're interested in, our modules, our teaching staff, and where your studies could take you after graduation. Take a look at our facilities, and learn more about the ground-breaking research stemming from our laboratories, seminar rooms and lecture theatres.

You'll also get an opportunity to tour our campus and visit our accommodation, library, Sports Centre and Arts Centre. Our Students' Union is at the heart of our campus, with academic departments, accommodation and our social and study facilities within easy walking distance.

We have a number of information sessions running throughout the day, as well as our Information Fair, where you can learn more about

applying to the University, our study abroad and work experience opportunities, and our commitment to student support.

If you're able to, try also to visit the town itself. Just a short walk from campus, you'll find a vibrant seaside town, with a host of shops, restaurants and cafes. We are also surrounded by countryside and not far from the Cambrian Mountains, making Aberystwyth an excellent choice for students interested in outdoor activities.

More than anything, I hope the Open Day allows you to experience our warm and welcoming community. Our University offers an inclusive environment, where students from across the world are invited to make Aberystwyth their home, are encouraged to be themselves, and are supported to thrive both academically and personally. We really hope you find that Aberystwyth is the place for you.

Here at Aberystwyth University, we are home to a lively, diverse and bilingual academic community, and our Welsh-medium provision is amongst the most extensive in Wales.

Our range of courses includes those that offer a few modules in Welsh, whilst others can be followed entirely through the medium of Welsh. You can also study modules in Welsh even if you are undertaking your course mainly in English.

As a Welsh-speaking student, you are invited to join the [Coleg Cymraeg Cenedlaethol](#). You can become a member of the Coleg even before starting at the University. One advantage of doing this is you will be allocated a membership number which you will need if applying for one of the Coleg's [scholarships](#).

UMCA is the first Union of its kind in Wales and has a rich history of community, representation and culture that spans 50 years.
