Where an undertaking is active in both an excluded sector and a non-excluded sector, aid may be

given to fund non-excluded activities with the condition that activities in the excluded sector do not benefit from aid granted under the scheme.

Aid will not be allowed in the following circumstances:

- Aid to export related activities towards third countries or Member States, namely aid directly linked to the quantities exported, to the establishment and operation of a distribution network or to other current costs linked to the export activity;
- Aid to facilitate the closure of uncompetitive coal mines, as covered by Council Decision No 2010/787;

11. Budget for aid under the Scheme

Should the budget for this scheme increase the University will inform the European Commission.

12. Form of aid

All aid awarded under the Scheme will be transparent and in line with criteria set out in Article 5 of the General Block Exemption Regulation. Aid may be awarded as follows:

- Grants

13. **Eligible activities to be supported under the scheme**

The Scheme will allow public support to be provided for training activity in line with the following criteria:

Eligible costs

Support can be provided for the provision of training.

The costs of the project must be transparent and directly and exclusively related to the project. The relevant eligible costs are as follows:

- trainers' personnel costs, for the hours during which the trainers participate in the training;
- trainers' and trainees' operating costs directly relating to the training project such as travel expenses, accommodation costs, materials and supplies directly related to the project, depreciation of tools and equipment, to the extent that they are used exclusively for the training project;
- costs of advisory services linked to the training project;
- trainees' personnel costs and general indirect costs (administrative costs, rent, overheads) for the hours during which the trainees participate in the training.

Aid intensities

The aid intensity shall not exceed the following percentages of the eligible costs:

	Small enterprise	Medium enterprise	Large enterprise
Basic aid intensities	70%	60%	50%
+ 10% uplift for disabled/ disadvantaged workers	70% (maximum allowable)	70%	60%

Aid awarded under this Scheme will only be granted up to a maximum of €2m per training project. Any award of aid more than this amount will require direct notification to the European Commission.

14. **Incentive effect**

Aid recipients must demonstrate that the aid is required for projects to proceed by submitting a written application before work on the project activity has started. The application will as a minimum contain the following information:

- (a) Name and size of the undertaking receiving the aid;
- (b) Description of the project, including its start and end dates;

- (c) Location of the project;
- (d) List of project costs;
- (e) Form of and amount of public funding needed for the project.

15. Cumulation

In determining whether the individual notification thresholds and the maximum aid intensities are respected, the total amount of public support for the activity or project shall be taken into account, regardless of whether that support is financed from local, regional, national or Community sources.

Aid provided under this Scheme will not be cumulated with other forms of aid nor with aid classed as de minimis aid in regard to the same eligible costs if the result would breach the applicable aid intensities.

A mechanism is in place as part of the application process to ensure that cumulation of aid does not exceed the maximum allowable aid intensities of the Scheme. Due diligence checks will be carried out during the awarding process.

All recipients of State aid under the Scheme will be informed that aid has been provided under the Scheme, registered under SA.55255, pursuant to Article 31 of Commission Regulation (EU) No 651/2014 of 17 June 2014 declaring certain categories of aid compatible with the internal market in application of Articles 107 and 108 of the Treaty (General Block Exemption Regulation) and its amending Regulation Commission Regulation (EU) No 2017/1084.

Records will be kept for 10 years from the date the last award of aid under the Scheme. Records will be sufficiently detailed to establish that the conditions of the Scheme are met.

Details of any award exceeding €500,000 given under this scheme will be made publicly available via a State aid website within 6 months of granting.

An annual report on the expenditure under this Scheme will be provided to the Commission.
