

Agriculture and the Countryside

Time Allowed – 1.5 hours
Answer TWO questions.

1. Outline the techniques available to manipulate production in a NAMED farm animal species.
2. Discuss whether it's possible for the concept of 'rewilding' to co-exist with farming or are they both destined for a state of conflict.
3. Discuss the prospects of UK agriculture outside the Common Agricultural Policy. Comment on some of the new policies you would like to see being introduced.
4. Discuss how climate change is likely to change the British countryside.
