

## **AGRICULTURE AND THE COUNTRYSIDE**

Time allowed: 1.5 hours (90 minutes)

**Answer TWO questions**

---

1. Discuss strategies that can be undertaken on farms to increase wildlife biodiversity.
2. Is the UK beef and lamb grading systems fit for purpose?
3. Net zero livestock farming in Wales – realistic or fantasy?
4. A farmer has recently bought 200 ewe lambs from multiple farms across the UK. What should this farmer do to minimise the health risks these new animals present to the rest of the flock.
